Installing Trend Micro Antivirus Software

Reference OS: Windows 10

1. **Download** and **extract** the **TrendMicro_Setup.zip** file.
2. Go into **TrendMicro_Setup** folder, locate the **TrendMicro_Setup.exe**, right-click on it and select **Run as administrator** to start the installation.

3. You might be prompted for administrator rights, look for a flashing prompt at the bottom of the screen on the taskbar and click on **Yes** to allow the install.
4. Within a few second, you will see the Trend Micro OfficeScan Agent with installation progress bar. Wait until the installation is done.

5. Once installed, you should have a blue globe in the lower right hand corner of your computer task tray.
