

Connect to WLAN-SMU Wireless for Macintosh

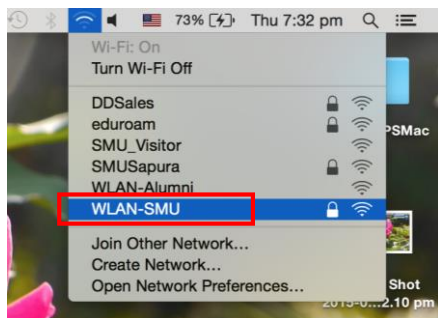

>>> Self-help Guide <<<

Connect to **WLAN-SMU** Wireless

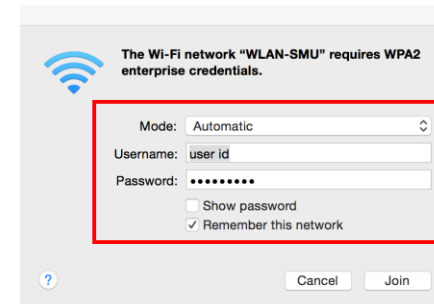

On **Macintosh**

Reference OS: OS X Yosemite

1. Click on Wi-Fi icon from menu bar and choose **WLAN-SMU**.

2. You will be asked to enter a Username and Password. Use your SMU User ID and password, and click **Join**.
Ensure "Remember this network" check-box is selected.

3. Click **Continue** when the Verify Certificate pop-up appears. Enter your MacBook password when prompted.

4. Your Mac is now connected to WLAN-SMU.
