How to update password in Wi-Fi Setting  
(iPhone / iPad)

1. Tap on **Settings** on your homepage, then tap on **Wi-Fi**.
2. Look for **WLAN-SMU** and tap on **Info (i)** button on the right of the wireless network.

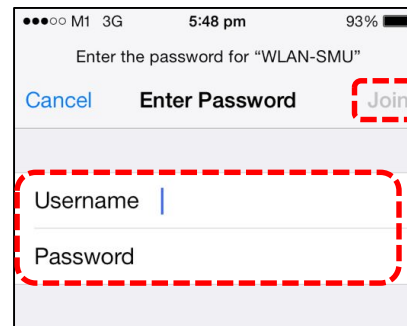

3. Tap on **Forget this Network** and tap on **Wi-Fi** to go back to Wi-Fi Settings.

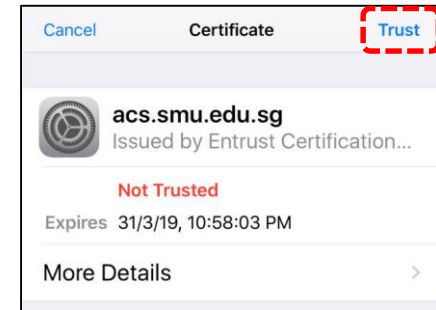

4. In Wi-Fi Settings, look for **WLAN-SMU** again and tap on it.

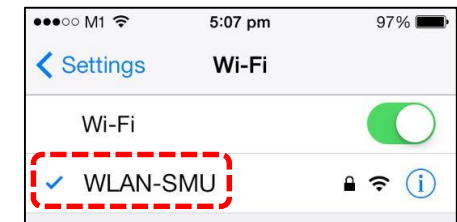

5. Enter your SMU username and password. Next, tap on **Join**.

6. Finally, Tap on **Trust** (SMU Wi-Fi security certificate for authentication) to complete the process.

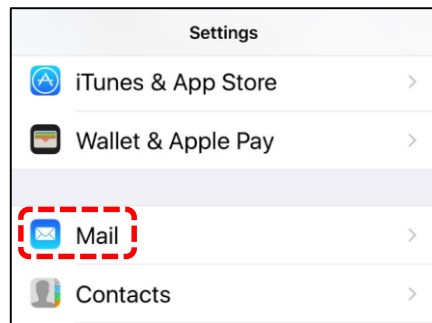

7. Once successfully authenticated, you will see a check sign besides **WLAN-SMU**.
